From the Deck – Commodores' Report

We are looking forward to 2012 being a year filled with lots of sailing, fun and accomplishments. Hope you are onboard for the ride.

On the business side -

Please be sure to attend the Annual Meeting on Saturday, February 25. We will be reviewing and then voting on changes to our Articles of Incorporation and By-Laws. This is your Club, and it is very important that each of you is informed about the proposed changes and that you exercise our right to vote on them. Voting can only be done in person at the meeting.

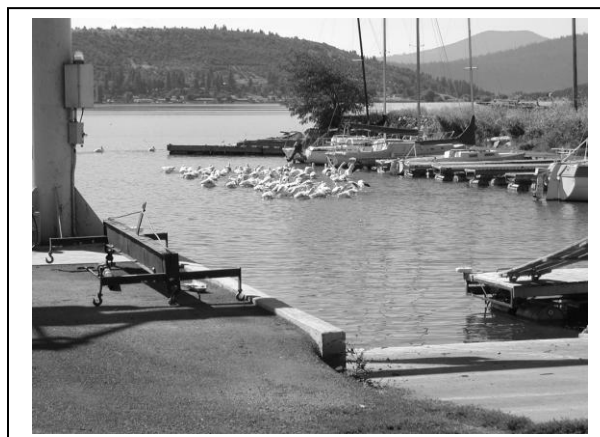

Also, we are excited that we will soon be meeting with our newly appointed Budget Committee and Long-Range Planning Committee members. Our appointees are capable, long-standing members of our Club; and we believe we will see some very positive results from these two groups.

On the social side -

The Super Bowl Party kicks off the February Club events, followed by our first ever Lowland Shrimp Boiled dinner on Saturday, February 11. We look forward to seeing everyone at the club enjoying a few hours with friends, sharing a drink and a meal and catching up on the latest happenings.

See you soon,

Jan and Peggy

Vice Commodores' Report

Howdy,

Seems like déjà vu all over again. Here we go again, with Suzy's help were going to try to Kick the FUN quotient up a bit with some added happenings other than regular scheduled events. The commodores have some new events planned this year and have changed some of the events to different times of the year. One of the new things we are going to have is a special every month for birthdays during that month details to come later either by e-mail or here in the Scuttlebutt. Speaking of Birthdays we celebrated Irene Currin's 100th Birthday on Sunday the 29th. What a great lady, I hope we all can be so spry.

Vince

Rear Commodore's Report

We are looking forward to the next sailing season as the days slowly grow longer by fractions of a minute and the water level in the lake slowly rises by fractions of an inch. As the club comes out of winter, work parties will be held to get the grounds and docks in shape. We heartily invite everyone to these events. The heavy lifting is minimal; the grounds look so much better by our efforts, and the setting and repairing of the docks is the first big step of getting the boats on the water. We have always enjoyed the work parties which end with a pizza lunch and a session of talking smart with a beverage or two.

Before spring, even though most of us have the luxury of parking our boats on the hard, it's always a good idea to check once in awhile on how your craft is holding up. The wind likes to rearrange tarps and halyards and entire boats and leaves like to clog scuppers. The freezing and thawing can damage equipment and hulls. While we don't have to worry about tightening dock lines, a spring surprise maybe avoided with an occasional inspection.

We look forward to serving this year as rear commodores and invite all help and concerns. Someone once said "the club is what you make it". That being said, Congratulations, the KYC is a mighty fine place.

Jim & Carol
